

SOBOOM

Engaged in electrical steel and steel related products supply

SOBOOM

上海励邦国际贸易有限公司

ABOUT SOBOOM

SOBOOM is engaged in the production and supply of electrical steel and amorphous ribbon. It has two production bases in Jiangsu province and Zhejiang province, with more than 500 production and manufacturing personnel. In order to better serve global customers, it established a global sales center in Shanghai in 2016. It has Independent office building, 56 pre-sales and after-sales service personnel, one-stop solution to customers' procurement needs.

SOBOOM has four major business segments: 1. Manufacturing of low- and medium-grade electrical steel; 2. Manufacturing of iron-based amorphous ribbon; 3. Sales of domestic and foreign raw materials; 4. Processing of steel and transformer cores. With more than 15 years of service experience in the electrical power industry, we continue to serve manufacturers in 23 countries around the world. SOBOOM produces and sells more than 10,000 tons of products per month, and maintains good relationships with large steel mills such as Baosteel, Wisco, Shougang An steel and so on. The trustworthy material supplier is the evaluation given to us by most customers.

BUSINESS INTRODUCTION

----- Manufacturing of low and medium grade electrical steel.

2、 Characteristics

Magnetic Properties

Low core loss, high permeability and excellent application performance.

Thickness Tolerance

Good thickness tolerance, small difference in thickness and high lamination factor.

Processing Properties

Suitable for punching and cutting with excellent dimensional tolerance.

Insulation Coating

Good adhesiveness , excellent resistance to heating , corrosion with high insulation coating resistance.
